Paid for by the Christine Webb for Congress committee

Christine Webb
Republican Candidate
3rd Congressional District
Washington State

IF you haven't already voted, it's not too late to cast your vote! It's critical that you vote in this first ever, TOP TWO primary. With just three days left to get ballots postmarked or delivered, more than half of those who could vote have yet to turn in their ballots.

When it comes to the Congressional race - you'll see in the voter's pamphlet there are four of us. If you want more information about me or my campaign, please go to www.ChristineWebbforCongress.com .

My campaign is barely ten weeks old...and we've relied heavily on volunteers to get things done. We offer the voters a clear choice and a strong voice for taxpayers, property owners, and the working families of Southwestern Washington. I've been endorsed by both the Vancouver Columbian, and Centralia Chronicle.

Please consider voting for me by Tuesday, the 19th of August - so that I can continue to fight for an energy plan with solutions that work; securing our borders and resolving the immigration mess; and fighting to eliminate the reckless spending and total disregard for taxpayers ability to pay more. I look forward to hearing from you. Please go to my website to share your insights and concerns.

Thank you,

Christine Webb

3rd Congressional District/Washington
